Examiner's Reasons for Allowance

1. Examiner has considered Appellant's response (Appeal Brief) dated 11/28/2005 and after further review of Applicant's comments regarding claims 1 – 54, on pages 9 – 13. Examiner is withdrawing the Non-Final rejection of 06/29/05 and placing claims in condition for allowance.

The following is an Examiner's statement of reasons for allowance, as pointed out by Applicant on pages 9, 10, 12 and 13 of Appellant's brief (11/28/05).

The prior art of record does not teach or fairly suggest at least:

A peripheral device connected to a network comprising:

"...software code executable by at least one processor to receive said raw audit data and generate output comprising at least a portion of said raw audit data in a desired format defined by a template", as best illustrated by Figure 4 and supported by Appellant's arguments in his Brief dated 11/28/05 on page 9, 5th paragraph and in such a manner as recited in each of independent claims 1, 14, 26, 37 and 54.

Therefore, all claims, i.e. claims 1 – 54 are in condition for allowance. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
